

ATG Training recognised in outstanding eLearning awards

At the recent Hi5 awards held at Westminster College and organised by the Regional Support Centre – South East, ATG Training was recognised in the category for 'Widening Participation'.

Competing with 116 other Further Education colleges and Work Based Learning providers, the achievement was all the more significant given that the Virtual Learning Environment created by the team at ATG Training has only recently been created, whilst others had been developing their offering over the last 5 to 10 years.

Commenting, Deputy Managing Director Matt Tudor said 'This award is testament to the drive and dedication of the IT staff and Trainers here. Their prime goal is to ensure that all students have access to the materials they need, wherever they are, to succeed in their studies and achieve the rewards and qualifications they seek. I would like to pay tribute to all the ATG Training team who have created the VLE'.

Editor's Notes

ATG is an educational charity with a 40 year track record of working closely with organisations to provide training that meets the real-world needs of employers. As a leading provider at national and local level in National Vocational Qualifications (NVQs), ATG Training has recognised Centres of Vocational Excellence in such areas as engineering practice and productivity, and maintenance in the fast-growing cycling industry where it is the leading provider of training for cycle mechanics in the UK.

The organisation trains staff in over 300 companies across a wide range of disciplines such as Engineering, Electrical Safety, ICT Systems, Business Administration and Management, Customer Service, Warehousing and Distribution, Care, Child Care, Retail and Construction. Courses are externally accredited and can be tailored to meet individual company needs
