

CIEH CERTIFICATE – PRINCIPLES OF COSHH (CIEH4)

A Half Day Workshop, for those who use substances hazardous to health at work

Workshop Summary

The Control of Substances Hazardous to Health Regulation 2002 requires employers to control exposure to hazardous substances to prevent ill health; they must protect employees and others who may be exposed. On successful completion of this Workshop candidates will be more aware of the hazardous substance in the workplace and their controls. This stand-alone qualification complements the CIEH H&S Programme.

Who Should Attend

Those who use substances hazardous to health at work; Managers and Team Leaders who need to know the risks and controls available and what to expect from a COSHH assessment.

Benefits to You and Your Organisation

By the end of this Workshop, participants will be able to:

- Explain what is meant by the term “substance hazardous to health” and give examples.
- Explain how hazardous substances can cause ill health.
- State the different ways in which hazardous substances can be identified.
- Understand the value of a COSHH assessment and what employees can expect of such assessments.
- Understand the Control of Substances Hazardous to Health Regulations 2002.
