

Workshop Summary

The aim of this Workshop is to give delegates a theoretical and practical experience in the implementation of a formal inspection and testing regime for electrical equipment (portable appliances). Delegates who successfully complete this Workshop will be awarded the C&G 2377-002 qualification. This qualification is fast becoming industry standard.

Who Should Attend

Electrical and non-electrical personnel with a responsibility for the safe use of Electrical equipment (portable appliances).

What entry qualifications are required?

New regulation states that anyone wishing to sit 2377-200 must now have a basic knowledge about PAT.

Code of Practice for In-Service and testing of Electrical Equipment (COP)

It is compulsory to purchase a copy of the IEE Code of Practice for In-Service Inspection & Testing of Electrical Equipment prior to attending this workshop as you are required to be fully conversant with the codes of practice before attendance.

Benefits to You and Your Organisation

By the end of the Workshop, participants will be able to:

- Appreciate the legal requirements
- Have an understanding of the practical principles underlying Portable Appliance Testing
- Carry out Portable Appliance Testing to the required standard
- Record results

Workshop Contents
