

Workshop Summary

This aim of this Workshop is to gain familiarity with the layout, content and application of the BS 7671 (2008) Regulations. It introduces the regulations and covers their application through explanation and worked examples. The purposes, structure and content of the IEE On-Site Guide will also be covered and delegates will appreciate how to use this in support of the BS 7671. Throughout the Workshop delegates will be prepared to sit the City and Guild 2382 multiple choice examination leading the award, for successful candidates, of the Level 3 Certificate in the Requirements for Electrical Installations BS7671 : 2008.

Who Should Attend

The Workshop is aimed at practising electricians, electrical contractors and those who require to have a good working knowledge of BS 7671 : 2008 (IEE Wiring Regulations, Seventeenth Edition).

Assessment

2-hour multiple-choice examination
