

Workshop Summary

This Workshop provides an outline of current Health and Safety legal requirements, particularly with regard to the important provisions relating to safety of electrical equipment as defined in the Electricity at Work Regulations Act 1989. Delegates will have the opportunity to enhance their skills and knowledge by undertaking practical Portable Appliance Testing exercises.

Who Should Attend

All those who wish to increase their awareness of health and safety at work and are involved with electrical equipment, particularly inspection and testing.

Follow Up Workshops

Electrical Awareness Programme (EL7); Level 3 Certificate in the Requirements for Electrical Installation BS7671: June 2001 (16th Edition) EL2.
