

## Workshop Summary

The NEBOSH National General Certificate is established as a leading award in basic Health and Safety. It has been designed to provide a sound breadth of underpinning knowledge to enable non-specialists to discharge more effectively their duties and functions in workplace Health and Safety. This 10-day programme involves over 87 hours of tutorial study, which is assessed by a combination of written examination papers and a practical assessment. A NEBOSH certificate is awarded on successful completion of the programme and examination papers.

## Who Should Attend

Managers, Team Leaders, Supervisors and employee representatives or all those with responsibility for managing Health and Safety in the workplace. Holders of IOSH – Managing Safely would benefit from this Follow up Programme.

## Benefits to You and Your Organisation

By the end of the Workshop, participants will be able to:-

- Effectively manage the organisation in safety management systems
- Conduct Risk Assessments in the workplace
- Understand the Legal requirements for the Organisation
- Carry out accident investigation
- Implement Risk control strategies
- Implement systems to manage specific hazard sources in the workplace
